

**WITHIN EVERYONE'S REACH and MAKE IT SIMPLE**

As we move into 2023 globalization and economic upheavals have made survival of organizations a challenging task for the management. Customers expect high product quality along with low cost, timely delivery and best service.

We are pleased to acknowledge that during all these years in spite of all challenges we are successful in providing good quality at an optimum cost to a large extent as well as **could provide many add-ons**. We are glad to inform that in 2021-2022 our group company 'Green Economy Coalition Foundation' did around 20 two days online trainings on ISO IEC 17025 2017 for PT participants of Green Economy Initiatives Pvt Ltd. and Envirocare labs Pvt Ltd-PT Cell at a nominal cost training around 938 laboratory persons. The purpose was to make every lab person understand ISO IEC 17025 2017 **in order to strengthen the nations testing platform**.

We will continue to push the mantra...**WITHIN EVERYONE'S REACH' and 'MAKE IT SIMPLE'** including widening our partnerships as these are crucial to finding solutions in a rapidly changing world.
