EXTERNAL QUALITY ASSURANCE ROUND (Proficiency Testing)- CALENDAR 2023-24

Sampling in Food and Agricultural Commodities Technical Expertise

ICAR-National Research Centre for Grapes, Pune

Sampling of Grapes from Fields	1/3
Sampling of Peanuts from Pack House	1/3
Sampling of Pomegranate from fields	1/3
Sampling of Okra and Green Chilies from Pack House	2/3

- Please read **terms and conditions** before registration. For **certificate and scope of accreditation (PTP-P0015 Accreditation Certificate No. PC-1005)** refer our website www.greenalliance.in or scan QR code. Clarify any of your doubts prior to registration.
- PT round can be run earlier/postponed or two rounds may be merged. A parameter can be removed/added in a round or range of testing may be varied at the time of running. This may be due to operational reasons; new developments; due to nature of product or matrix; homogeneity or stability issues and or reasons beyond control. **Decision of PT provider in this regard is final.** PT provider has no liability to provide the parameter again in any future program to participant.
- **Confidentiality Policy and Use of External Service Provider is given in terms and conditions.**
- Rounds are repeated every year on same cycle

C-Closed M- Merged with next E-Extended Treat Calendars as Quotations, on submission of registration form PI is sent

		Process of Sampling (Qualitative) Sampling of Okra and Green Chillies for pesticide residue analysis for export purpose The participating sampler of the laboratory has to do sampling as per procedure from any Pack House as per Case Study given	Trade Notice No: APEDA/Q/2015 Date: 19/08/2015 Procedure for Export of Vegetables as amended or latest Trade Notice No: APEDA/Q/2021 Date: 10/08/2021 Green Chillies as amended or latest	2023FS04P1OGC	30.07.23	30.12.23	Rs.9500 + GST*

***PLEASE READ NOTE ON LAST PAGE**

NOTE:

*	Current Rate of GST is 18% and applicable Extra
*	DISCOUNTS- 10% discount is available on registering for 2 samplers; 15% discount is available on 3 samplers and 25% discount is available on registration of 4 or more samplers from an organization.
*	The laboratories authorized by APEDA and covered under integrated assessment of NABL are eligible. Laboratory can apply for the sampler approved under integrated assessment or those whom they want to apply for approval in future
*	In line with ISO/IEC 17025-2017 “NABL grants accreditation for sampling in the scope of accreditation for the product/ substance or material, when subsequent testing is undertaken by the laboratory”. This is also in line with NABL-163 “ Note 4: The laboratory should participate in PT Rounds on sampling as well as testing for the particular parameter, where available, in the areas that involve sampling as an integral part of testing in the relevant test method e.g. Ambient air, stack emissions and/ or in the areas where sampling is made mandatory by the regulators.” Further as per NABL 127 Procedure for integrated assessment, “Evaluation of samplers for authorization for sampling to assess the technical competence in a specific area shall also be conducted during the assessment.” Participation in external quality evaluation Round in sampling shall help laboratories to demonstrate their competence in sampling.
X	These are non-accredited rounds/ parameters. These are clearly identified by X. Separate report is issued for such parameters in line with NABL-133. These parameters are added into scope in next audit. Please read NABL 163 for details. The results are accepted on the same lines as ILC done in absence of accredited PT programs
